

C WOOD & SON  
LUTON LTD

# Case Study

Shop Refurbishment  
Luton

# The Job

C Wood & Son Luton Ltd were employed to refurbish an old shop space in the Luton Mall and install a new cake shop ready for Christmas.

The team got to work by re-tiling the floor, fitting dry line walls as well as fitting suspended ceilings. After the basics were completed to a high standard, we installed sprinklers, fire alarms, electrics, plumbing as well as fitting the wall panels, white rock wall paneling, counters and dumb waiters.

Cake Box and Luton Mall were delighted with the finished result.
