

C WOOD & SON  
LUTON LTD

# Case Study

New Bathroom  
Luton

# The Job

C. Wood & Son were employed by Luton Borough Council to undertake the installation of a level access shower to aid their client.

For this project we:

- Removed and disposed of the old bathroom suite
- Removed the old bathroom door ready to install a sliding door and frame
- Took down the old ceiling, plasterboard and skimmed new ceiling
- Installed downlights, a pullcord and fan
- Installed a level shower tray and screeded the floor
- Tiled the complete bathroom
- Installed Altro non slip flooring to the entire bathroom
- Installed a WC and vanity unit with basin and taps
- Built boxing to enable the installation of the thermostatically controlled shower unit with drop head as pipes lay within the wall
- Installed shower curtain and rail
- Installed a new door with sliding door gear to make use of the complete bathroom.
- Decorated ceiling and new woodwork.

This project was completed in 2 weeks and both Luton Borough Council and their client were delighted with the end result, as are we.

Great workmanship as always from our tradesmen.
