For this project we:

- Dug up the floor, installed drainage for the shower tray and made good
- Installed a level access shower tray
- Plaster boarded and skimmed the ceiling
- Tiled all the bathroom walls with bumpy white tiles
- Installed new vinyl flooring with 100mm upstand
- Installed a new WC, basin and Mira Advance electric shower
- Installed a 4" fan and light
- Decorated ceiling with bathroom emulsion

This project was completed in 4 weeks and our clients were delighted with the end result, as are we.

Great workmanship as always from our tradesmen.
