

C WOOD & SON
LUTON LTD

Case Study

Access Ramp
Luton, Bedfordshire

The Job

C. Wood & Son were employed by Surrey Street Primary School, Luton, to take down an existing access ramp and build a new timber ramp, along with new fencing.

For this project we:

- Moved the shed and gazebo
- Took down the existing ramp and disposed of
- Built new timber ramp from the door of the hut that wrap around the end of the hut and back on itself
- Installed posts with rails and vertical slats with a hand rail on the top
- Formed new storage area under the landing
- Installed 66m of green powder coated 1.2m high Safe Top Mesh Fencing, along with 1No single gate and 2No double gates

We completed this project during the October half term 2023 in 5No days.

The school were thrilled with the outcome of this project and we think it looks great!

Great work guys.
