# Case Study

Roofing & Internal Dec  
Clapham, London

# The Job

C. Wood & Son were employed by a client in Clapham, London to carry out a roofing and internal decoration project to his flat. Our client is moving to Dubai for work so our job

For this project we:

- Erected scaffolding to strip roof slates.
- Removed redundant ariels and cabling.
- Took down down 3No chimneys.
- Replaced timber fascia and installed UPVC gutters.
- Installed eaves trays, felt, batten and lead valleys.
- Installed ew tiles with vents.
- Installed flashing kit to Velux, angled ridges and lead flashings.
- Applied 2No coats of paint around the windows.
- Removed 3No water tanks from the loft.
- Installed quilt insulation into the loft.
- Installed downlights into the lounge and new sockets and faces throughout the flat.
- Installed new radiators and bath panel.
- Fitted new oven and made good of the kitchen tiles.
- Made good of the front step.
- Fixed boiler cupboard door.
- Decorated flat throughout.
- Cleared site on completion

The client is very pleased with the final finish and the flat is now ready for its new tenants to move in!
